Compliance EC Directive 2011/65/EC (RoHS II)

Dear Sir or Madam.

of the successor Directive 2011/65/EU (RoHS II) with insertion of RL 2015/863/EU are any changes with regard to the list of prohibited substances and limits as they were already known from the 2002/95 / EC (RoHS II).
The scope of the RoHS II directive is now directly specified and includes all electrical and electronic devices in several steps finally up to the 22 July 2019.

With regard to the different transition periods, the provision of necessary declaration of conformity and the CE marking for relevant OBO products will be implemented.

Products from following divisions meet material restrictions specified by RoHS II Directive:

VBS	Connection and fastening systems
TBS	Transient voltage and lightning protection systems
KTS	Cable support systems
BSS	Fire protection systems
LFS	Cable routing systems
EGS	Devices systems
UFS	Under floor systems

For any further information please feel free to contact us.

Best regards
