

Quick Wire Cable suspension

Quick Wire

The cable suspension system that knows no bounds

4

7

Versatile

Quick Wire offers uncomplicated mounting of suspensions on ceilings, trapezoidal plate ceilings or steel girders – the multitude of variants of the cable suspension system offer the perfect solution for every mounting situation.

Quick Wire

Cable suspension system

Your first choice for flexible, rapid suspension of electrical installations

Quick

The combination of support cable and cable gripper means that Quick Wire is mounted quickly and efficiently in just a few steps. The Quick Wire cable gripper allows easy adjustment of the height of the suspension, even at a later date.

Simple

The pre-terminated, ready-to-use Quick Wire sets make your life even easier because there is no need to search for matching products and cut-outs on the construction site. Using the well-thought-out type key, finding the right Quick Wire product for your application is so simple.

1 QW support cable

2 QW cable gripper

3 QW fastening variants

Type key

1

System

QWT = Quick Wire support cable

2

Variant/ending

S = Loop
GR = Mesh cable tray
KR = Cable tray
UW = With universal bracket
AS = With eye bolt
TK = With support clamp
TH = With trapezoidal plate hook
SK = With trigger hook
RO = With ring eyelet

3

Diameter/bearing load

1 = 1 mm/10 kg
2 = 2 mm/45 Kg
3 = 3 mm/90 kg

1

The Quick Wire support cables

The Quick Wire support cables possess a 7x7 (6/7) structure with steel core and are produced according to the standard DIN EN 12385:

Reliability in every position

Does the installation environment not permit a vertical suspension? No problem! With Quick Wire, you can also create sloping suspensions of up to 60°. However, during your planning work, please remember that sloping suspensions have a much smaller bearing load.

Load values at different angles

Bracket	Load [kg]				
	0°	15°	30°	45°	60°
Type 1	10,0	9,7	8,7	7,1	5,0
Type 2	45,0	43,5	39	31,8	22,5
Type 3	90,0	86,9	77,9	63,6	45,0

2

The QWT-CG Quick Wire cable grippers

For 3 cable diameters

May we present:

The cable grippers of the Quick Wire system. Their simple handling with infinite, tool-free adjustment offers particularly rapid and flexible mounting of the Quick Wire suspensions. In the different variants, the cable grippers match the different cable diameters and loads.

QWT CG 1 ALU

QWT CG 2 ALU

QWT CG 3 ALU

The maximum operating load stated here does not relate to sloping suspensions.

3

Fastening variants

An option for every need, an ending for every purpose

With loop

With universal bracket

The seven different cable endings mean that there is the right fastening for every mounting environment. From the simple loop to the trapezoidal plate hook – the right end means that suspension mounting is child's play. The Y suspenders for cable trays and mesh cable trays offer a particularly simple solution for OBO cable support systems.

With eye bolt

With support clamp

Special solutions for OBO cable support sys- tems

With trigger hook

**With trapezoidal plate
hook**

With ring eyelet

For cable trays

For mesh cable trays

Accessories, sets & tools

For the flexible combination of individual suspensions

Universal bracket for mesh cable trays

- Universal support for wire suspensions for fastening OBO mesh cable trays
- With securing strap against unintentional loosening in cases of vibrations

Universal bracket for cable trays

- Universal support for wire suspensions for fastening OBO cable trays
- With securing strap against unintentional loosening in cases of vibrations

Cable grippers

Particularly practical as a spare part or to create an individual suspension.

Quick Wire cable gripper for 1 mm cable diameter

Quick Wire cable gripper for 2 mm cable diameter

Quick Wire cable gripper for 3 mm cable diameter

Support cable on a coil

The Quick Wire cable in 1 to 3 mm to create individual suspensions.

Jack of all trades

Did you not find the right solution amongst the pre-terminated sets? No problem – with the well-thought-out accessories range, even special requirements can be fulfilled.

With individual parts or the Quick Wire Maxi-Sets, with a support cable on a coil and cable grippers, cable suspensions can be created in manner specific to the application.

Wire cable cutter

Quick and uncomplicated shortening of the Quick Wire support cable.

Quick Wire Maxi-Sets

Everything that you need to create individual suspensions in one set.

Support cable for mesh cable trays

Type	Cable diameter mm	Operating load kg	Max. tray width mm	Pack Piece	Weight kg/100 pc.	Item no.
